(WSCC Reg 3 application WSCC/007/25).
DATE OF SITE VISIT:	n/a
RECOMMENDATION:	No Objection

West Sussex County Council (WSCC), in its capacity as Local Highway Authority (LHA), have been consulted on the above full planning application (AWDM/0194/25) to assess highway safety and capacity implications of the proposed development. The application is supported by way of a supporting statement and associated plans.

An inspection of data supplied to WSCC by Sussex Police over a period of the past five years reveals that there have been recorded injury collision within the vicinity of the site. Sussex Police do not however consider this the result of the presence of the existing access or road layout. Therefore, there is no evidence to suggest that the existing access is currently operating unsafely.

No alterations to the existing access, access routes throughout the site or to the existing parking arrangements are proposed. Also, no changes in the pupil numbers are proposed. Therefore, Highway Authority do not anticipate that the proposal will result in a material intensification of vehicular movements to or from the site. Hence, no highways safety concerns would be raised to this proposal.
