Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Highway Access and Parking
- Overdevelopment
- Privacy Light and Noise

Comments: My objection is that more rooms means more residents. This property has only one Designated off road parking area . Since this property and others have been converted into flats I can count at least four vehicles to each property. It now almost impossible to park and recent accidents the parking has been a contributing factor to this . Please stop anymore development without off road parking . My fear that my daylight will be impaired and a shadow over my property.
