Dear Planning Team,

Re Worthing Society Consultation Responses.

Please find attached the latest Consultation Responses from the Worthing Society. I hope this format will be acceptable/ Unfortunately my secretary is unwell at the moment.

The Heritage Team are still working on the responses in respect of [39B Brighton Road](#) and 4 Warwick Place.

If you have any queries please do not hesitate to contact me.

Regards,

Susan Belton

WORTHING SOCIETY CONSULTATION RESPONSES

AWDM/0969/26 Proposed loft conversion including installation of six rooflights and associated elevation alterations.

LOCATION: Flat 4 143 Heene Road Worthing West Sussex

This building is of the late Victorian/Edwardina period. It is recorded on the Local Interest List and situated within the Heene Conservation Area. The Worthing Society Heritage Team have

considered this application and noted that the works are at the rear of the property. We consider that the plans and materials are sensitive to the character of the building and therefore have no objection to this Planning Application

AWDM/0811/26 – 13 Montague Street Design and Heritage Statement awaited before comments can be submitted

AWDM /0836/26 and AWDM/0955/26

LOCATION: the Pavilion Theatre and Pavilion Atrium, the Promenade, Worthing

This is an iconic, landmark Grade II Listed Building which contributes significantly to the seafront character and history of Worthing. The Heritage Team have discussed the application and consider the design of the replacement windows will be sensitive to the building. The works will ensure sustainability going forward, particularly in this challenging seaside location. The thermal efficiency will also be improved. It is reassuring to note that given the status of this building the Design and Conservation Architect is involved. I am pleased to advise you therefore that the Society has objection to this application
