Reasons for comment: - Privacy Light and Noise

Comments: The proposed extension will further reduce our privacy. Last year the management/owners of Drumconner declined to renew the wooden fence that divided their property from mine and from my neighbours either side. The lack of a fence severely reduced our privacy. This is especially the case when we use the garden but it also means that there is a direct view from Drumconner into our living room.. What remains dividing Drumconner from our properties is a straggly, unkempt hedge. The proposed first floor extension will further reduce our privacy since the occupants of said extension will have a direct view over the top of that hedge into our house - kitchen, living room and dining room.
