Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Other - Privacy Light and Noise
Comments:	I am power of attorney for my mum Linda Keats 118 Slonk Hill Road Shoreham which is the house directly opposite. This road in Shoreham is situated in an area of outstanding natural beauty, and to raise the level of a building that is going to be different from the rest of the properties in the the same vicinity is going to look unsightly and very obscure. There are some houses on the north side of the road that have got planning permission so i don't doubt that this will be passed, they too exude an ugly appearance and take away the light to the

properties either side. They also look strange in a road where the bungalows have all got the same roof line.
This property will also over look 118 Slonk Hill Road and this planning could not have arrived a more difficult time as we are in the midst of my mums house being under offer, and this planning will be present on the searches.
I understand that people need to extend but i do think this will cause a lot of unrest to the people that live either side of this property and i am very surprised no one else has commented.

Kind regards
