Planning Assessment

Principle

The proposal comprises upgrading the existing housing stock located within the built up area and can be supported in principle. The relevant issues are the effects on the amenities of neighbouring residential occupiers and the effect on the character and appearance of the dwelling and its surroundings.

Visual amenity

The proposed replacement windows and door will have minimal visual impact when viewed in the context of the block of flats as a whole where there are numerous window designs.

Residential amenity

The proposal will not affect the residential amenities of neighbouring flats.

Recommendation
