TOWN & COUNTRY PLANNING ACT 1990

TOWN & COUNTRY PLANNING (GENERAL DEVELOPMENT PROCEDURE) ORDER 1995

Phone Number [redacted]

Proposed development
Crown reduction (by 30%) and crown thinning (by 20%) of 3 holm oak trees subject to TPO (162/1/84/L and 13.53/1/03/L) and 6 weeks prior notice of works to 5 other trees within Conservation Area)

11 DEC 2009

Location of development to which application relates
Vicarage 63 Manor Road Lancing West Sussex

Comments We will be happy to see the crown reduction and thinning of Trees in the Vicarage garden, and as for the holm oak that hangs over our bungalow + workshop, — we would like it cut down further, because of:-

1. The danger of falling branches. We get loads of falling branches and a perpetual carpet of leaves on that side of the property. The green bin has been filled up with leaves for weeks
2. The double-trunked enormous holm oak is only a few inches from the old Sussex Flint wall. The roots could well be damaging that as well as impinging on our drains + foundations.
3. loss of light - our bedroom is always dark because of all the trees:
4. The vast spindly sycamores overhang the garage and the leaves fill the gutters.
5. We would prefer the holm oak threatening our property to be taken down completely.
