Good afternoon Hannah,

Following our conversation on the phone earlier regarding the comment submission issue on the website I have attached the comment below.

I have notified the owner of the property (47 Buci Crescent) and she has requested for me to comment, that before any building works are carried out, the fence by the existing rear extension of 45 Buci Crescent is put back to its previous state as it currently oversteps the boundary for her property and does not want this land built on.

Thanks again for your help regarding the website issue.

Kind regards

Henry
