Name:	Mr Arthur Wells
Address:	20 Dover Road, Worthing, West Sussex BN11 5NR

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	This application was submitted after I complained about the building work already completed on 7.12.2023. We had reluctantly agreed to the original plan, which would have had a white wall facing our house. However the work done places their back door directly in front of our kitchen sink window & less than 2 metres away. That doorway does not have a door yet, but is blocked with a large board. The proposed kitchen will have folding doors to the garden. This type of door is not amenable to use during less than favourable weather, ie outside of summertime. This also applies to the door from the lounge. Therefore the most used access to the garden & bins etc will be through the door facing our sink window. Furthermore, access from the garage to the outside will mostly be through that door.

The proposed door faces directly into our sink window. We will be in full view at our sink or the adjoining refridgerator, the hub of any kitchen. We will lack any privacy when dining at the kitchen table, which we do most evenings.
Despite the plan to make the new wall white, the brown roof and even a white door will deprive us of some light.
We have had good relationships with our neighbours here for 43.5 years. Though we are both in our late 80s, we have had an active life in the community since retirement. This invasion of our privacy is a travesty!!

Kind regards
