WEST SUSSEX COUNTY COUNCIL CONSULTATION

TO:	Adur & Worthing Councils FAO: Eve Hearsey
FROM:	WSCC - Highways Authority
DATE:	18 January 2024
LOCATION:	427 Upper Shoreham Road, Shoreham-by-sea, BN43 5NF
SUBJECT:	AWDM/0003/24 Vehicle access
DATE OF SITE VISIT:	N/A
RECOMMENDATION:	Advice
S106 CONTRIBUTION TOTAL:	N/A

This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application seeks the provision of a dropped kerb. The site is located on Upper Shoreham Road, a C-classified road subject to a speed restriction of 30 mph in this location.

A new 3m wide dropped kerb is proposed fronting the site on Upper Shoreham Road. From inspection of WSCC mapping, there are no apparent visibility concerns with the proposed point of access on Upper Shoreham Road.

The proposed access works will be subject to a vehicle crossover (VCO) licence obtained through the local Highway Area Office. The proposed VCO would be constructed to a specification agreed with the local Highway Area Engineer.

The proposed hardstanding appears of suitable size to accommodate one car parking space. On-site turning does not appear achievable, so a car may have to exit the site in reverse gear. However, this is not anticipated to give rise to an adverse highway safety impact, owing to good forward visibility in this location. Neighbouring properties operate similar access arrangements with no known highway safety concerns.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 115), and that there are no transport grounds to resist the proposal.

If the LPA are minded to approve the application, the following informative should be applied:

Vehicle Crossover – Minor Highway Works
The applicant is advised that in addition to obtaining planning permission that they must also obtain formal approval from the highway authority to carry out the site access works on the public highway. The granting of planning permission does not guarantee that a vehicle crossover licence shall be granted because the highway license process considers wider factors than are considered by the Highway Authority at planning stage.

Additional information about the licence application process can be found at the following web page:
