RECEIVED 24 SEP 2012
TO
REF No.
INSTRUCTION

Dear Adur Planning department,

with reference to the building work planned at 21 Halewick lane

I support the application as it would still be in keeping with the road as they are semi detached like the rest of the road. They would be more affordable to childen like my Grandchildren. Still offering adequate parking and space and a nice sized garden for the little ones to play in. They would replace a house that sits oddly on site. And would provide work for local builders. yours faithfully.
