Comments: The proposed application is still as a double storey extention with roof lights. As per my previous objection i state the same that the extention will over shadow my property/garden and will reduce the amount of light i have. I have limited light within my property and garden due to existing property position, therefore I value what light i get. As i see it the property it will be overdeveloped. With all of the above in mind it will reduce lighting and will will devalue my property. I object to this extention being granted planning permission.
