Subject: AWDM/1351/25: Conditions 4 & 6 of AWDM/0642/19 Elephant in the room.

Hi Amanda,

the sound insulation test demonstrates the sound insulation comfortably achieves the planning noise objective in Condition 6 so this can be signed off.

There are also no objections to the smoking management plan condition being signed off.

With this information now provided there would be no EH objections to AWDM/0886/25 to vary conditions 3 & 9 of previously approved AWDM/0642/19.

Regards
