Reasons for comment:	- Other
Comments:	Not being familiar with the full history of these developments and lacking full understanding of what is going on, this comment made under the assumption/understanding that this variation seeks to permit continued occupation of 3a and 3b despite the fact that The Drive has not been demolished. If this is correct then, as the tenants of 3B (Pine View) we support this variation. If this variation is not approved, as per the recent Council Enforcement Notice, we would be required to move out at short notice - effectively being evicted. Needless to say the loss of our home would be significant, never mind the considerable cost of moving and finding somewhere else to live. Additionally we have a child in his final year of A levels and the upheaval of a move now would negatively affect him and his studies. We support this motion to avoid unaware bystanders of 3a and 3b becoming collateral damage.

Again - If our understanding of what this variation seeks to achieve is incorrect please ignore the entire comment.
