PLANNING SERVICES

Dear Sir/Madam,

We have looked at the amended planning proposals for 95 North Farm Road, & we still consider them to be too large & intrusive, with great loss of privacy for us, at the rear of our property caused by the many extra bedrooms being created. This will be great shame as we love our garden which has been our salvation this last year! The loss of privacy & all the extra noise generated by this will really spoil our quality of life.

There is also a large workshop being constructed in the rear garden overshadowing everything & no doubt creating even more noise from the woodworking machinery which will be used in there, as it was all last year in the front garden.

We have been enjoying a peaceful retirement here & now it is all being spoiled. Please think seriously about all our objections, before it is too late.

Yours sincerely

[redacted]

PS.
The parking will be horrendous & dangerous.
