Dear Mr Hone

92 - 94, Manor Road, Lancing, West Sussex. BN15 0HD
Proposed roof extensions

To achieve natural light to the internal bathroom my clients would like to add a sun pipe to the rear elevation together with velux roof lights to the new and existing pitched roofs for natural light into the new and existing loft space which are to be located on the rear and side elevations.

Therefore, please find enclosed three copies of each of drawings no. 28/349/1A and 28/349/2A showing the revised elevations, roof plan and floor plan with the proposed alterations underlined in red and would be grateful if you could confirm whether these amendments can be treated as an approval to the original planning consent.

I look forward in receiving your reply in due course.
