## Comments Details

| | |
|---|---|
| Commenter Type: | Member of the Public |
| Stance: | Customer objects to the Planning Application |
| Reasons for comment: | - Design |
| Comments: | Further to our previous comments, and having discussed the application with our Heritage Team and with Richard Small, we wish to object to this proposal in its current form. We are not convinced that the proposed replacement windows would be sufficiently well detailed to replicate the original Regency sash windows either as regards size and proportion of glazing bars and woodwork or with respect to the type of glazing. We also understand that it is possible to obtain heritage type double glazed units that replicate the uneven character of early 19th century |

glass. Bearing in mind the Grade II* status of the building, it would not be unreasonable to insist on a better standard than is proposed here so as not to detract from the character of the building, the Crescent and the Conservation Area.

---

Kind regards
