RE : Proposed outbuilding at 114 Downside

This letter is to confirm that I, Laurence Ritter, and my wife, Stephanie Ritter, who are the homeowners at 114 Downside, plan to use the proposed outbuilding as a home office. This will be used most weekdays for this purpose and occasional weekends. We also own a substantial collection of musical instruments which we plan to add to, and will also be using the outbuilding to store and practice these instruments, primarily at weekends but occasionally weekdays, and this may also involve our young children using the room. There will be no beds or overnight accommodation.

Sincerely,

Laurence Ritter
