Details of the pre-application advice received

The partial removal of the internal stud wall will be acceptable.
The replacement of the rear extension is in principle acceptable.
Extending it southwards will also be acceptable. It should have a subordinate glazed link addition, as now, which does not obstruct the original slit window.
The main room element can be wider.
Any increase in height or length will have to be assessed in terms of its impact on the adjoining semi. Typically extensions on a boundary should not exceed 3.5 metres in depth.
The main extension should be timber framed. Timber windows, including fanlights and doors will also be expected.
A fat roof is expected with the same lead roll detailing as the existing.
You may be required to hand dig the foundations due to the proximity of a prominent tree next door.
Relocating the boiler to the upper floor and venting through the roof is also likely to be acceptable, subject to details
We will need to see details of any flintwork repairs.
Planning and a separate Listed Building consent application will be required.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
