Shoreham Adur Tidal Walls Scheme - Application for Footpath Diversion Order under s257 of the Town and Country Planning Act 1990

8 August 2017

To whom it may concern

I refer to the application prepared by Mott MacDonald, referenced as above, for a Footpath Diversion Order for the alteration to the Public Right of Way 2048 located adjacent to the Shoreham Airport in association with the Shoreham Adur Tidal Walls Scheme (planning permission reference AWDM/1614/15). In this section of the scheme North of the railway bridge (referred to as Reach W7) it is necessary to create a new, higher, embankment to provide flood protection, requiring a shift in the alignment of the Public Right of Way to the west.

I confirm that I am the applicant for this Footpath Diversion Order and have agreed for Mott MacDonald to act on my behalf as agent.

For any site inspection please contact the site contractor, Terrence Gretton of Team Van Oord, on 07802 358969.

I agree to the payment of fees in association with this application.
