Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Trees and Landscaping

Comments: The Lime tree T1 in this planning order plus the adjacent one (T2?) are causing a lot of damage to the cars that have to park below below them with sap, leaves and seeds dropping on them. The trees are on grass borders 2metres wide if you pollard the trees as in the order you will have trees 5metres high & 2metres wide which will look ridiculous. The only way to solve the problem is to remove the two trees and plant others that do not grow as wide and drop sap.
