Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Highway Access and Parking
- Overdevelopment
- Privacy Light and Noise

Comments: I object to the overdevelopment of the Victorian cottages in Queens Place, as the development is not in keeping with the design and character of the area which is a conservation area.
The continued development of these dormer windows in the roofs of these cottages has reduced the privacy of the people living in the houses the dormer windows over look. I also object to the fact that with each subsequent application the size of the dormer windows has got bigger and bigger. I am also concerned that by making the properties bigger this will result in more people living in the houses and with this often comes the requirement to be able to park more cars. Queens place already has severe parking problems and any increased vehicle use will cause further parking problems for the road and the surrounding roads.
