comments re the above planning application from Mr and Mrs A Walker 46 Brighton Rd Lancing BN158ET

Thank you for your recent assistance on this matter and information regarding the height of the proposed new wall.

Our comments are as follows:-

1. The plans should define that the proposed wall - replacing the side steps at the end of the lower terrace (terrace 3 on new plans), should be a maximum height of 1.5 meters from the ground level of the lower terrace and the adjacent planter and that the finished height of the wall is in line with the lower wall forming part of the side wall to No 46 lower balcony.

2. To facilitate the appearance of the wall from No 46 property the plans should define that the wall is to be rendered on both sides in line with the already approved planning application for the garden wall sited one metre from the boundary with No 46.

I would appreciate your confirmation of receipt of these comments as I have been unable to access the ADC Planning comments website.

Regards
Mr and Mrs Alexander Walker
