This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

This application seeks the re-positioning of Worthing Borough Council's existing beacon to land situated alongside The Promenade. The land in question is not maintained by WSCC, so the applicant will need to obtain formal approval from the proprietor of The Promenade to undertake the works. No highway safety concerns would be raised to the proposals.

In summary, the LHA does not consider that this proposal would have an unacceptable impact on highway safety or result in 'severe' cumulative impacts on the operation of the highway network, therefore is not contrary to the National Planning Policy Framework (paragraph 116), and that there are no transport grounds to resist the proposal.
