Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	- Design
Comments:	Noting the positive comments received from numerous neighbours, I would request that comments remain noted but that my previous objection be revised to "neutral". The fact that retrospective permission has been sought means, in my view, that the planning officer will give due weight to all neighbour and public responses. Should the application be refused, I would not wish for there to be a perception that my objection has had a material impact on the eventual outcome of the planning decision. Thank you.

Kind regards
