Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Loss of General Amenity
- Privacy Light and Noise

Comments: A window to the north has appeared on this new plan (although this plan is dated 15.5.2019 the same as previous versions submitted in July, September and October of last year) however it is not mentioned in this application and does not have any narrative on the plans as to whether it will be non-opening below 1.7m and obscured, as the other windows on this side of the development are supposed to be.

This window will be very close to neighbouring properties and if opening and non-obscured will impact on privacy.
