

This message was sent from outside Adur & Worthing Councils

Good morning

Planning reference AWDM/0737/26

I understand that a planning application has been submitted for commercial use of the above land.

I WISH TO STRONGLY OBJECT TO SUCH A PLAN

The suggestion for overnight parking & camping, mobile toilets, food/drink outlets from temporary structures, shipping containers for site storage etc is totally against the current natural 'open space' between the Borough of Worthing and Ferring Village.

Animals for entertainment purposes is surely contrary to Animal Charities and RSPCA standards. In fact the RSPCA generally opposes the use of animals in entertainment (see their website)

A huge advertising trailer is totally inappropriate. As for the "to promote Worthing events and tourism" it is a total fabrication to entice a planning consent for the so called benefit of Worthing residents.

The whole scheme is a mess and only has one advantage, to enable the vendors to gain the next step on the ladder towards residential development.

Yours faithfully

Peter Gladwell
