Dear Madam,

Re: AWDM/1299/23/INVAL
5 Portland Square, Portland Road, Worthing, BN11 1BY

I am writing this letter in support of the recently submitted Planning Application for the change of use to develop a nails bar at the above site.

My business will provide beauty cares, manicure and pedicure services as well as nails art polish for men and women. The premise will operate with four acrylic nails tables and two professional pedicure massage chairs, with no heavy machinery on site and the nature of our customers, during operational hours it will create very minimal noise in which our surrounding business neighbors would be pleased with.

The business operation hours will be from 9am to 6.30pm for 6 days a week excluding national and Banks holidays, our business objective is focusing on quality and cleanness, we planned to serve around 7-10 customers a day, our services might include the use acrylic powder and acrylic gel on site, we will also apply multiple appropriate air purifiers to make sure our premise is always have clean air and have a pleasant odour, while customer health and wellbeing is our top priority.

Portland Square is buzzling area in Worthing, and I really hope the opening of my shop could contribute to the overall development and attraction of the area.

Yours faithfully,
