dear sir or madam ...after conversations with various home owners along bedford row ...about the proposed building of a3/story block of flats at the back of bedford row ..1/bed apartments ..i felt it was inportant to raise the issue that the building efforts already in progress are a detriment to the general appearance of this lovely part of worthing ..and now ..a further suggested incroachment will affect the outlook of the resident ..that have homes facing the property you are considering ..close proximity to window privacy ..and views ...very congested ..and will harm the re-sale of our flats ...this erea around bedford row ..and adjacent streets is vulnerable ..and the whole feel of its conversation is at risk ..parking ..and traffic also a concerne ...i feel its not in the interest of the community to proceed with this project ...and hope my conversation may be considered as a negative for the sake of the future of these street i this location your sincerely and with respect frank mills (7/bedford row)BN11 3DR
