Keith,

In reply to your E mail and our telephone conversation, I can confirm that the boarding will be straight edged with a edge thickness of approx 12/15mm and laid to a gauge of approx 100mm.
I trust this will be acceptable.
Regards

John,

Thank you for yr letter of 26 July. I apologise for the delay but I regret that Carlos is unwell and unable to reply.

I am a little concerned about the appearance of feather-edge boarding for the roof, instead of cedar shingles. Please can you let me have more details. Have you an illustration of it, preferably a photograph where it has been used elsewhere.

Regards

Keith Morgan
