Dear Paul,

I have received a letter from my constituent Mrs Jackie Betteridge regarding her planning application, to build a specially adapted bungalow in the rear of their plot for their grandaughter who has cerebral palsy and her mother. After being told that the application had a good chance it has now been denied.

I would appreciate it if you can give me the reasons this application has been turned down as it would appear that this family is only trying to provide the best accommodation for their grandaughter.

Yours sincerely,
