Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I object to the balcony on the first floor of number 26 as it would look directly down into our patio removing all privacy and would be able to see directly into the windows of where my disabled mother lives with her three dogs, I also believe people at that level would cause the dogs great distress from feeling threatened, causing barking and disrupting things even further. My mother also suffers terrible agoraphobia and the courtyard is the only place she feels safe outside, that would be taken away having people sitting directly above her.

Kind regards
