Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: I am very disappointed by this planning application, on what is already a too high rised building that backs on and overlooks a conservation area, of Queens Place.
The Privacy of my garden and house will be effected as the proposed new flat will be overlooking my house and garden.
The extra floor will be taking light away from my house and garden.
I would be extremely disappointed if this application was granted as Queens Place is a beautiful conservation area of houses that would be effected.
