Stance: Customer made comments in support of the Planning Application

Reasons for comment:

Comments: Our House overlooks the churchyard and we have no objections to the proposal.
Indeed currently the land is underused and rough in nature. Thus to tidy up, providing a peaceful setting for many and to put to community use will be of benefit to all. The church and its surrounds form the centre of North Lancing and the ability to increase the use must be supported.
I understand that a planning application fee was charged for this proposal but I believe the Council has a discretion when considering applications to support access and provide a benefit to the community not to make a charge - perhaps this could be revisited.
