Comments: Since Brian submitted our absolute objection to this Application by Mr and Mrs Cooke, we have noticed the latest submission from the applicants' representatives, CSArchitects, dated 1st November in which they state the following:

"We understand that following mediation between the applicant and the owners of Number 158 Old Fort Road, a reasonable solution has been agreed. That agreement is broadly in line with the current application".

This is a complete fabrication. At no time have our neighbours, nor CSArchitects, discussed this with us. This lie highlights the applicants' attitude towards us

and the Council. We, again, plead with the Council to put an end once and for all to this harassment.
