This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals.

WSCC in its role as Local Highway Authority (LHA) has been reconsulted on the above application, following the applicant's submission of amended plans. The LHA previously provided comment on this application, dated 08/08/2024, raising no highway safety concerns.

Having reviewed the amended plans, the proposals still appear acceptable from a highway safety point of view. The LHAs comments provided previously can be applied to the current set of plans, and the LPA should refer to them for relevant comments and recommended conditions.
