Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise
Comments:	I live opposite the Cricketers Pub and I object to a permanent extension of the outside drinking area. As it stands it is incredibly noisy in the evenings, because obviously, as people drink, voices get louder and the sound carries clearly across the open Green. The levels of noise, with the current outside drinking and smoking areas are already annoying at night. I'm not convinced that the management have enough of a handle on the current noise levels to be responsible for even more customers drinking, shouting and sometimes fighting each other, outside. I also am concerned as to how the design fits into our particular conservation area, and the extra light pollution the festooned lights will create. I would not object to a temporary extension - because the pub needs to survive during the Covid-19 situation. However the management must be held responsible for noise levels, the neighbours must be considered, and the hours to limited to 10pm - and importantly the 'temporary' nature of the outside drinking extension must be clear.
