Subject: OBJECTION AWDM/1596/25

To: <planning@adur-worthing.gov.uk>

Cc:

The proposed mast has no place in this location: it would be intrusive, ugly and out of character with the surrounding environment. It would have a harmful impact on the surrounding properties and their inhabitants.

This is a mainly residential area, and a mast such as this is totally unsuitable. Masts should never be sited in close proximity to schools.

This proposal appears to be diametrically opposed to the Worthing Local plan, particularly Policies DM5 and 6.

Please note that Castle Point council in Essex has recognized the potential health effects of masts on vulnerable people (including children) and the importance of exclusion zones around masts. This is something all councils would do well to consider when looking at applications such as this.
