Tree Survey and Inspection

Tree (*Species*) T1 = Conifer	Age (*est*): T1 = 15+yrs	Height: T1 = 8+m

LOCATION (Site Address) 15 Middle Street Shoreham By Sea

Proximity of other trees

Importance of tree to locality Conservation area Tpo Tree

REASON FOR REPORT

Request to destroy existing tree leaving a 2.5 metre high trunk. Concern regarding damage to boundary wall.

REMARKS / CONDITION:

Tree is in reasonable condition although no close inspection was carried out. Where the tree is growing close to the street light it has already been heavily cut back reducing the amenity value of the tree from the public side. Removing all branches would create an unsightly result, and is not the sort of "tree Surgery" that Adur would wish to promote in a conservation area. However it would not be recommended that this tree is preserved.

WORK / REQUIREMENTS;

Remove completely or remove all branches from tree and reduce to 2.5 meters,.

Recommend above works be permitted.

TREE VALUE

A	Important tree worth saving	
B	Less important than above	
C	Suspect tree requires monitoring	
D	Dead or of no consequence	✓
