FAO Eve Hearsey

177 Brighton Road BN15 8JB Planning vehicle access and hardstanding

This is regarding your planned proposal outside my house at Brighton Road for a parking space for a person that has just moved in to 177. Where is your thinking on this. This road is a main road and a nightmare 7 days a week. We have had a car crash in the last few weeks in this bus lane, a car on fire in this bus lane and a cyclist knocked off his bike. We have had 3 way traffic lights for 3 weeks outside and furniture removal lorry broken down in the bus lane. The only place all the traffic can go when all this happens on this main road is in this bus lane to allow the traffic to keep moving.

We have a grass verge and children walk to school here on it daily. We also have many elderly residents in the village who all walk on this grass verge daily to access the bus stop.

The 4 bungalows have been here 70 years and it is sickening that you would even consider this just for 1 new resident. The chaos it will cause on a very busy road is unimaginable. This will be extremely dangerous, he will have to mount the path to come up the path to get access, which will mean destroying our lovely green space grass verge, which helps to soak up all the excess rain as the road at the side of my property, Penhill Road, floods in bad weather.

Most of the residents have walked on these grass verges as children to the local schools and now take their own children the same way to school, some are even grandparents.

The residents all care for this grass and cut it as it is enjoyed by all of us so nobody wants all this taken away, We need MORE grass and green space NOT concrete and fume throwing vehicles. Perhaps you could consider the children and elderly residents before cars.

It is difficult to access the bus stop as it already is if you are disabled or in a chair so putting more cars in the way will not be helpful.

I know I speak for all my neighbours when I say we DO NOT want or need this and all the upheaval it will cause.

Thank you.

Mrs Bernadette Penfold
Brighton Road, Lancing
