Re = The Proposed Havard Kent (10 storey high) Development @ Kingston Buci Light-house Beach.

ADUR & WORTHING BC
24. APR 2018
PLANNING SERVICES

My objection :- Please register my objection on the grounds of contravention of :-

- scale of buildings proposed.
- the light impairment of the beach environment
- height & density problems.
- the brutality of the design making it inappropriate -

[redacted]

Alternative Suggestions :- 4/2/18.

How much nicer if the Council gave a go-ahead for :-

(a) a public footbridge from the Harbour to the old Fort across the river — re-uniting citizens with the sea.

(b) a cafe (privately or publicly owned) on the area overlooking the Harbour from the Light-house side — so that residents may refresh themselves and enjoy the Harbour views in all weather.
