**Commenter Type:** Member of the Public

**Stance:** Customer objects to the Planning Application

**Reasons for comment:**
- Design

- Overdevelopment

**Comments:** The Owls hedgehogs and bats thst live along the fence line have all been effected by the building that should have not been allowed to have been constructed

Allowing for retrospective planning should be declined with the immediate removal of the building

I welcome experts from the above mentioned society's to do independent surveys and reports

There has been a rapid decline in protected wild life and I am certain this is in relation to the man made structure which should not have been built.

I ask for the immediate renoval of the building
