128 Gordon Road, Shoreham-by-Sea BN43 6WG [redacted]

Dear Sirs,

Planning Application AWDM / 1272 / 18

Application to vary condition 3 of previously approved AWDM / 1244 / 17
Amendment to operating hours between 7 am and 10pm Monday to Friday and 7am to 7pm Saturday and 10am to 4pm Sunday and Bank Holidays for Allbox Services

1 - 3 Eastern Avenue Shoreham-by-Sea BN43 6PD

I object to the above planning application.

I understand that these extended hours apply to the buildings and yard and not to the business occupying the site, which would mean that any future business's would have right to the Use Class B8.
This is a residential area and you must be aware that in the past residents have fought to regulate hours to a reasonable standard e.g. Palace Drinks. Our views at the time were heard and supported by the Local Councillors.

Not only will noise intolerance be extended but it would mean that the floodlighting will be extended as well. May I point out that we were visited by a representative of Allbox a few months ago who promised that the lights would be switched off at 9pm. This did not happen and the lights shine all night. This has been disturbing and has meant
that my bedroom door has to be shut - not so good in the hot summer. We have a variety of wildlife that live in this area
that should be taken into consideration.

Sundays and Bank Holidays are our rest days when we should be able to enjoy our gardens with some peace.

yours faithfully

Carol Field Eager
