Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	This whole property development is excessive. it is more than doubling if not tripling the property footprint of this modest single storey semi detached bungalow, in what is a road of bungalows. The roof conversion which is extending out to the front, back and side would double the size of the property alone, but if this isn't large enough, they also plan to extend out of the rear of the property by 6m which nearly doubles the floor area and will seriously block light from my property for which I have put in an a separate objection for. In the road their are very few front dormers and will not match its adjoined property. The rear dormer especially will overlook my property and will intrude on my privacy and the reason why I have a single storey property, so I do not support this application either.

Kind regards
