Comments: I have been taking my 5year old daughter to the roller rink for the last four months. She absolutely loves it and it has increased her confidence and physical skills, as well as providing is both with a cheap, fun means of exercise. Recently a few friends of ours have been travelling to the rink from Brighton each week with their children - this is bringing business to the area, as they often stay after to shop and eat. It's a superb resource and is well used by local families. Without the rink, Shoreham and the local area does not have many all-weather amenities that offer fun for all the family. The ramps area also provides activity for older children in a safe and non-antisocial way. Please support this proposal.
