Dear Mr Barnett

I am writing to object to the amended resubmission of application AWDM/1371/19 on grounds of loss of privacy. The proposal increases the size of Windows which directly overlook our house and garden and the inclusion of Juliet balconies further increases this loss of privacy. I believe the widows/doors already installed are larger than in the previous set of plans.

The piecemeal nature of this planning application is of concern. I am interested to know whether this has allowed the substantial nature of this project to successfully pass planning decision rules.

Yours sincerely

Helen Corrigan
