Re: Porch. Linden House. Ring Road. North Lancing

We have no objection to the porch being replaced.

We do have the following concerns.

We have noticed they will still have the steps leading to the front of the porch.
What is not clear is how they will access the east side of the property.
Originally steps led down from the porch.

The driveway has quite a bit of movement with cracks on the walls on south side of drive.
What is being done with this?

The dividing east wall at front of property is also cracked. This is alongside our dividing wall.

We request any damage done to our walls or property is rectified by the owners of
Linden House.
Any rubbish is also cleared from our property.

Mr & Mrs R Jupp
