Afternoon Marie,

Apologies for the delay is responding.

On review I can confirm that roller shutter sectional door is proposed. This is considered acceptable to the Local Highways Authority and in line with advice provided at the original application stage (AWDM/1921/17).

No highways concerns raised in relation to the plan and details submitted in relation to this condition.

Dear Ian

Last April you asked us to impose a condition requiring details of the door opening mechanism for garage doors at the above site (AWDM/1921/17 refers).

Could you have a look at the details submitted under 0238/19 to discharge the relevant condition (14) and advise whether acceptable or not?

Many Thanks.
