Dear Mr Porter - for y'r info....

I am writing to appeal against the above planning application; for the following reasons.

- As a disabled pensioner, I have concerns re my safety using the pathway to access shops & other ammenities,
- The site is in close proximity to a primary school. Therefore any change in use of land creates further danger to the school children, parents, visitors, staff & neighbours.
  This area already becomes congested, particularly during school hours, & the safety of our children should be of primary importance.
- The land of limited size is located at the entrance of Holmbush Close, therefore, change of land into domestic curtilage, will devalue our properties, & also damage protected trees.

Further more, as a developed, residential neighbourhood I feel the following questions must be addressed.

- What would be allowed to be stored
- How much traffic would this entail
- Times of use
- Noise levels
- Size of storage
- Height of fence
- Placement

Therefore I strongly object to this planning application.

Please acknowledge receipt of letter & forward decision letter to my address.

Yours sincerely
