Dear Mr Scarratt

I write with reference to the planning application for an extension at the rear of the above property.

I consider that the depth of the extension is rather excessive and it is likely to have a quite an oppressive appearance when viewed from the neighbour to the south.

I note that the rear extension at 12 Seaside Rd has a depth of 3.55m and I consider that it would be appropriate to have a similar depth here.

I shall therefore be grateful if you would reduce the depth of the proposed extension by 1m so that the application may be considered more favourably.

Please ensure that an amended plan is received by 20 July at the latest.

Please contact me if you would like to discuss the matter further.

Yours sincerely

Peter Barnett
